To subscribe to the Standard Carrier Alpha Code (SCAC®) quarterly data files for the 2022 calendar year, please complete and return this order form or order online at <https://store.nmfta.org/>. The SCAC data files are provided in ASCII format. It includes a master file containing all active SCACs, a supplement file containing those SCACs added, canceled and changed since the last quarter and a file containing the record layout. We are offering the data via email.

SCAC information is also available through our daily distribution service. SCAC Daily Distribution Service sends daily updates of revisions to the SCAC file in ASCII format via FTP or email. Our newest addition to the SCAC product line, SCAC Web Service, is a programmable interface that allows you to incorporate SCAC search and information retrieval functionality directly into your computer systems via our powerful and reliable search engines. SCAC Web Service can be integrated directly with your EDI and other internal systems to pull needed SCAC information.
